

Kansas City Manufacturing Network (KCMN)

Holmes Murphy is thrilled to partner with the Kansas City Manufacturing Network (KCMN) to enhance your health program. Together, we'll continuously find ways to optimize pricing and provide employees with superior benefits plans. Our collaboration with over 500 manufacturers enables us to leverage industry expertise and negotiate more favorable terms for our partners.

As a KCMN member, you gain access to the following benefits:

Ancillary Benefits:

- **10-20% Savings:** Enjoy significant savings on current ancillary lines, including dental, vision, life, and short- and long-term disability.
- **Enhanced Dental Options:** Receive an additional 10% savings on all procedures with in-network dentists

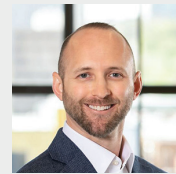

Restrictions apply: To receive these savings, you must work with a Holmes Murphy representative on ancillary benefits.

Medical Benefits:

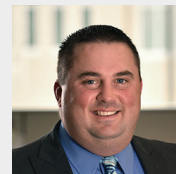

- **Access to WellFit:** A program designed to negotiate directly with providers, saving both employees and employers money on claims.
 - **Reduced Premiums:** Can reduce premiums by 10-30%.
 - **Extensive Network:** Provides access to a great network of doctors and hospitals.
 - **Premium Refunds:** Gives employers a sizable refund of the premium when they return all rebate dollars to the plan.

In partnership, Holmes Murphy and the Kansas City Manufacturing Network are confident in saving their members money on both medical and ancillary programs.
